7. Downtown Parking and Multimodal Plan

Staff will present on the Downtown Parking and Multimodal Plan. The Downtown Parking and Multimodal Plan began work in 2018 and educated the Wichita community about the costs and tradeoffs associated with the City maintaining an abundance of public parking. The Plan proposes specific management and operational strategies to meet goals that were developed through robust public input and data analysis. The current work related to the Parking and Multimodal Plan is to use advisory boards and groups to re-communicate the plan which stalled during the pandemic and facilitate an adoption process for the plan. Through education and consensus-building stakeholder engagement, the Plan would be brought to City Council for Consideration.

Recommended Action: Recommend City Council endorsement of the Downtown Parking and Multimodal Plan.
